

# Ladders • Carry weights to the 2nd Floor Pull up hoses • Screw on the Mouthpiece

Single: Station 2  
Relay Team: Station 3

Start at Station 3 exactly 20 Minutes after the initial Start Time

This station is completed without a respirator, but with a trained respirator [composite cylinder].

## Structure of Station 3

A stair tower or stairwell representing an upper floor [usual floor height] is to be provided for the station. 2 foam concentrate canisters of 15 kg [or comparable weight] are to be placed immediately in front of the stairway.

A hose package [consisting of 2 B hoses] is to be placed at the stair tower so that they can be pulled up with a rope. Furthermore, there must be a ladder possibility for a portable ladder [length between 4 and 5 meters].

Lastly, a B-hose with nozzle [alternatively a thread/nut device M52 or M56 or 1 ½ inches] must be provided.

## Process of Station 3

1. The ladder is to be placed in the marking and leaned against the ladder point.
2. 2 Canisters are carried to the 2nd floor and placed in the marking.
  - The way to the canisters [whether left or right around the object] is not prescribed.
3. Hose package is pulled up by rope and transferred to the crate.
4. Carry canister back down and place in marker.
  - **Every step must be taken when going down!**
5. Screw on the nozzle of the BM spray wand or nut as far as it will go.

## **Error list station 3**

Mistake	Penalty
started later than 20 Minutes after starting at Station 2	Time delay is Transferred 1:1 to the Total Time
False Start	5 Second Time Penalty
Conductor not placed in the marking	3 Second Time Penalty
Canister not placed in the mark	3 Second Time Penalty
Hose not pulled up	automatically 8 [or 9] Minutes Total Time
not taken every step when going down the tower	3 Second Time Penalty
Mouthpiece not screwed to the end	3 Second Time Penalty
Respirator thrown on the floor or not put down carefully	10 Sekunden Zeitstrafe
Station not completed	automatically 8 [or 9] Minutes Total Time

### **Total Time**

Men max. 4 Minutes

Women max. 5 Minutes

**If the Time is exceeded, a Time penalty of 4 minutes will be added to the maximum Time.**

### **Transfer to routing slip:**

Running time + Penalty time = Total time

Example:

02:10 min + 3 sec Penalty Time = 02:13 min

03:58 min + 10 sec Penalty Time = 04:08 min

04:00 min + 3 sec Penalty Time = 08:00 min [Total Time exceeded 04:00 min]
